

# **Vote McDonough for Ramsey North**

**A new face for a new approach**

**John McDonough, 5 Greenlands View, Ramsey, IM8 2PB**

**Tel: 816552/253561 E-mail: johnmcdonough@manx.net**

**Hello, please allow me to introduce myself –**

**I have lived in Ramsey for nearly 29 years now, having attended Ramsey Grammar School and worked in the town. I feel I am representative of a good proportion of the population, in that I have a young family, commute to Douglas to work and have concerns for the town, its future and its residents, both young and old. As an independent candidate I intend to speak for the people, not the party.**

- I want to attract investment from Government and industry alike; show them what we have to offer and the benefits to all concerned. Can we create office space to encourage businesses to locate here, without the loss of existing facilities?**
- I am for a water retention scheme and feel agreement between all concerned can be achieved.**
- I want to hear from the youth of the town, what would they like to see happening, they're the future.**
- The traffic situation in Parliament Square needs to be addressed as a matter of urgency.**
- The proposed Transport Hub. I support this, but feel the current MER site is not the place for the multi-storey car park.**
- What would you like to see done with the swimming pool site? The town needs a community centre available for use by everyone.**
- Since the closing up of Bircham Avenue Close/Gladstone Avenue, there is no longer a 20 mph speed limit on Lezayre Estate, why not?**

- **Gardeners Lane is not the place for the civic amenity site, and should never be.**
- **The commissioners should be more accessible to residents e.g. surgeries and consult with them more i.e. Central heating methods.**
